Five Travel®

FIVE Travel is the Brand name of Frive Dragons' Group, Destination Management company, fruit of more than 25 years of experience of our whole team in the hospitality business and tours in Morocco.

Thanks to the multilingual skills of our Staff and their readiness to understand the cultural diversities we were able to communicate and provide our service to multiple Markets.

About

On the Asian market: Chinese, Thai, Indonesian and Japanese... partners consider us as one of the most reliable travel agencies in Morocco.

We were even expressly proud of being on the **backstage workforce of award winners** in Taiwan for Morocco destination.

Five Travel is also a company with full potential of human skills using the newest technologies.

Why?

*Solution-oriented
Mindset*

Thanks to our operating system, we enable **responsiveness** in efficient way, with a shortened quotation time in order to let our mutual agents and travel advisors focus on important matters, think of new and creative solutions and save more time to provide better quality of service.

Multilingual

Your agents or clients will surpass the language barrier challenge finding as discussion partners a **multilingual staff**, English of course as a global language and also Arabic, French, German, Italian and Mandarin.

*Culturally
Aware*

We respect diversities...

Being **aware of** the colorful **diversities** of cultures and civilization-al backgrounds, we first understand, respect, provide and adjust our services accordingly.

We provide creative itineraries with respect of the slightest details such as food restrictions resulting from religious background, health issues or even from personal preferences.

Five Travel®

Why Choose Us?

*Dedicated
futuristic
Team*

Living today in a globalized business playground, challenges such as time zone differences, are one of the most concerning matters. In Five Travel we surpass this obstacle by **digitalizing our business processes** with real-time access to databases, with the help of our dedicated internal IT department.

B2B Exclusive Partner Solutions

**API - Mapping
Agent Collaborative Interface
Tour Leaders friendly App**

In fact, Our IT team uses its skills and know-how and their willingness to learn and explore continuously the newest programming solutions to update our **in-house made software** on the clock, and enable every new partner to access their files or mapping their own operations systems to ours.

Therefore, we offer them specific packages enabling them to have a complete picture of Morocco and its diversity. We also include some immersive activities into Moroccan culture.
